Comments:

- Really fantastic training - I loved the opportunities to explore core skills and practices in detail as well as practicing these from different perspectives. I have next steps in place to continue practice with others in my team and to pursue further opportunities to engage in coaching sessions with school staff. Thank you for an excellent day!
- Great training on coaching, perfect balance between information, additional resources and discussion.
- A very knowledgeable and passionate training session! thank you! Can't wait to put it into practice!
- It was lovely to have space to think about this topic specifically related to EP work. I really liked the pace and the amount of content - just the right amount. Thank you!
- Thank-you Mark! I found the training very enjoyable and useful.
- An excellent day- thank you very much. A great balance of activities, loads of learning, Really engaging - absolutely great. Many thanks!
- Thank you so much for an incredibly thoughtfully planned, well-paced, focused, and interactive day of learning. I have discovered so much - promoted by the structure, the management of different-sized learning groups and activities, and the frequent prompt

questions to help me identify what I am actively taking from the experience. The pre-reading, the day itself, and all the associated resource packs have been fantastic. Thank you.
